Skyline Design is a renowned Spanish luxury outdoor furniture brand known for its meticulously engineered and exquisitely crafted products. Our furniture is proudly manufactured in Surabaya, Indonesia, leveraging the region's expertise in craftsmanship and attention to detail. With a robust global network, we efficiently distribute our premium products to customers worldwide, ensuring timely deliveries and exceptional service.

Our brand is the epitome of luxury and sophistication, celebrated for its immediate recognition in the most exclusive resorts worldwide. Our carefully curated collections seamlessly enhance the ambiance of prestigious properties, whether they are commercial establishments or private residences.

Our unwavering pride lies in our extraordinary product and development team. With a relentless commitment to excellence, they continuously infuse our creations with new designs. Leveraging the finest raw materials and employing cutting-edge, quality-controlled machinery, our team crafts products that epitomize longevity, durability, and sheer perfection, promising countless years of unparalleled enjoyment.

SANTIAGO SEVILLANO

Valencia, Spain.

Born in Valencia in 1975, Santiago Sevillano is an accomplished designer who has made a significant impact in the industry. He honed his skills in the art of upholstered furniture while working in his father's studio, and furthered his education in Industrial Design at the Polytechnic University of Valencia. In 2004, Santiago embarked on his entrepreneurial journey, establishing his own studio exclusively dedicated to product design.

Santiago's creations beautifully blend a genuine Mediterranean essence with a global appeal, captivating audiences worldwide. His remarkable designs have graced the walls of prestigious museums and garnered attention from renowned media outlets. Recognized with over 20 international awards and accolades, Santiago's talent and ingenuity have earned him well-deserved acclaim.

Notably, Santiago has recently collaborated with Skyline Design®, where his creative energy has been channeled into the design and development of the captivating Boston and Rodona collections. These projects exemplify his unwavering commitment to crafting sophisticated and functional outdoor furniture that enhances any space.

BELÉN BURGUETE

Onteniente, Spain.

Originally from Ontinyent (Valencia), Belen pursued her passion for design by completing her interior design studies at the School of Arts and Crafts. To further expand her knowledge, she ventured into the realm of architecture and design as a Higher Technician in Building Projects.

With invaluable experience gained from working in design studios, Belen embarked on an entrepreneurial path, establishing her own studio. Her expertise encompasses architecture, interior design, and product design, demonstrating her versatile approach. Her designs embody a unique blend of conceptual thinking, freshness, elegance, and a distinct Mediterranean influence, creating captivating and harmonious living spaces.

Presently, Belen holds the prestigious role of Director of the Design Department at VOOLCAN group. Alongside creating her own pieces and collections for the brand, she plays a pivotal role in supervising all the designs produced, ensuring the highest standards of creativity and quality are maintained throughout the process.

MUKA DESIGN LAB

Getxo, Bizkaia - Spain

Muka Design Lab is an acclaimed industrial design studio, globally recognized and the recipient of numerous international prizes. The studio specializes in crafting furniture, household items, and products that exude identity and character.

Their exceptional works have garnered attention from esteemed publications such as AD Architectural Design, Fast Company, Archi Expo, Dezeen, and El País. Muka Design Lab's creations have not only been showcased at prestigious international design exhibitions in Milan and Los Angeles, but they have also been honored with the esteemed RedDot Award Design Concept and German Design Award.

Driven by a passion for collaboration and craftsmanship, Muka Design Lab partners with skilled local artisans and workshops to bring their vision to life. Their expertise extends beyond aesthetics, as they are dedicated to designing everyday objects that resonate with people on a personal level. Whether it's sustainable furniture or innovative design concepts, each object is infused with a captivating story that breathes life into its form.

NOEL ROYO

Cebu, Philippines

Born in Cebu, Philippines, Noel initially embarked on his professional journey as a draftsman. However, a transformative moment in his life steered him towards a path of aspiring to become a globally renowned designer.

Currently, as the head of R&D and the chief designer at Skyline Design®, Noel channels his creativity and passion for design. Nature and humanity serve as his primary wellsprings of inspiration, infusing his creations with an instinctive elegance and exceptional comfort.

With an illustrious career spanning over two decades, Noel Royo stands as a seasoned veteran in the design industry. His unique creative vision, coupled with extensive knowledge of the latest techniques and technologies, has earned him prestigious accolades at numerous international events.

Noel's unwavering commitment to his craft continues to propel him towards new heights, leaving an indelible mark on the design landscape.

A wide-angle photograph of the Mediterranean Sea, viewed from an elevated position. The sea is a deep, shimmering blue, with sunlight reflecting off its surface. In the distance, a small boat is visible on the water. The scene is framed by the dark, silhouetted branches of pine trees in the foreground, creating a sense of being on a cliffside or a hill overlooking the coast. The sky is a pale, hazy blue with soft, wispy clouds.

MEDITERRANEAN CALM

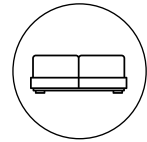

Our design theme, Mediterranean Calm, captures the essence of tranquility through a minimalist approach. It showcases a meticulously interwoven palette of materials that transports us to the warm embrace of the Mediterranean, allowing us to revel in the serenity of calm seas and the rhythmic splashing of waves upon the shore. Within this space, purity and simplicity converge, brought to life through elegant and understated lines.

We employ only the finest hand-picked raw materials, such as teak, wicker, and polished metals treated with a durable powder coating. These elements intertwine to form a beautiful woven tapestry, mirroring the way sunlight enters through a window, filling the space with a radiant glow.

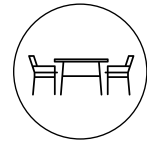

With Mediterranean Calm, our collections harmonize quality craftsmanship, natural materials, and exquisite design. Embrace the tranquility and create a space that emanates the peaceful ambiance of the Mediterranean.

SYMBOL LEGEND

- Items are noted, by an asterisk (*) next to the item description. Oversized or extremely heavy items cost more to ship and thus may incur a freight surcharge. Surcharges may vary by zip code. Shipment addresses without a loading dock, requiring a lift gate, are considered non-commercial deliveries.

- **STK** Items mean that the item is stackable by design and can nest or stack.

- **KD** Items mean that the item is knock down by design and requires assembly.

The Mediterranean is a place where the sun, sea, and culture come together in a perfect symphony.

MATERIALS & FINISHES

Our unwavering commitment to innovation drives us to continuously develop new products, collaborating closely with esteemed artisans and designers in the industry. We hold steadfast to our core values of quality, creativity, and innovation, which form the foundation of our new collections. These values serve as catalysts for the birth of fresh creations that harmoniously coexist with our established line and embody our brand philosophy.

CUSHION PROGRAMS

sunbrella® CHOICE OF FABRIC PROGRAM

Quick Ship Fabric Program

Skyline Design presents a convenient quick shipment program, providing the option of Sunbrella® cushions in the Sunbrella® Canvas 5453 fabric. These cushions feature a high-resiliency foam core, ensuring optimal comfort. To enhance their functionality, the cushions are meticulously sewn with a premium venting mesh system, effectively reducing drying time after exposure to rain.

Choice of Fabric Program

Skyline Design presents a customer-oriented solution catering to clients seeking a change in Sunbrella® Fabric for their outdoor furniture. Our program provides the opportunity to recover the original factory cushion core with a selection of 24 stocked premium Sunbrella® Fabrics, all available at a standard grade level as displayed on page 218.

Choice of Fabric Program Features & Benefits

- Choice of 24+ Sunbrella® listed fabrics.
- All Choices of Fabric Program items noted in MSRP by item number C-FP.
- Lead time 3-4 weeks (Lead times may vary during PEAK Season).
- Flow through mesh bottoms.
- 5 Years Sunbrella® Warranty on Fabric.

Custom Cushion & Cover Program

For clients seeking a custom cushion upgrade and high-performance outdoor furniture cover options, we invite you to explore our comprehensive High Performance Custom Cushion Program. This program offers a wide range of options tailored to meet your specific needs, including the ability to accommodate specific foam requests. Our goal is to provide you with the utmost comfort and durability for your outdoor furniture. Please refer to the program details for more information and to discover the array of possibilities available to enhance your outdoor experience.

CUSTOM CUSHION & COVER PROGRAM

Custom cushions are available in a wide variety of fabrics, features and upgraded performance options. Lead time for custom cushions is approximately 3-4 weeks (lead times may vary).

For fabric selections, please refer to your Sunbrella furniture fabric book. A fabric grade list can be found in this pricelist to follow. Customers own material (C.O.M), can also be sent to our main office. Please note that we are very flexible and willing to customize cushions to meet discerning customers' desires.

Many custom cushion features are available for clients with specific wishes such as serged inner fabric raw edges (to enable machine washing of the casing) or welting (piping, cording) with the same fabric or contrast fabrics for a very custom look.

Additionally we offer industry leading upgraded performance options. The performance options enable clients to configure a cushion with increased longevity and drying performance beyond what is normally offered. With increased investment in luxurious outdoor living spaces, these options are particularly appealing to sophisticated consumers.

The High Performance cushion details:

- High Performance DRY – Designed for Faster Drying (3 hours in most environments)
- High Performance PLUSH – Longer Lasting Luxury (dries fast and with Stay-Round Crown™ with Memory Foam it keeps its new look longer than most outdoor cushions)

Prices for the custom cushions are listed within this pricelist under each individual item. Listed are grades A-I, as well as the optional upgrade add on pricing for Dry and Plush.

The fabrics grade list is in alphabetical order. C.O.M falls under CF-P pricing.

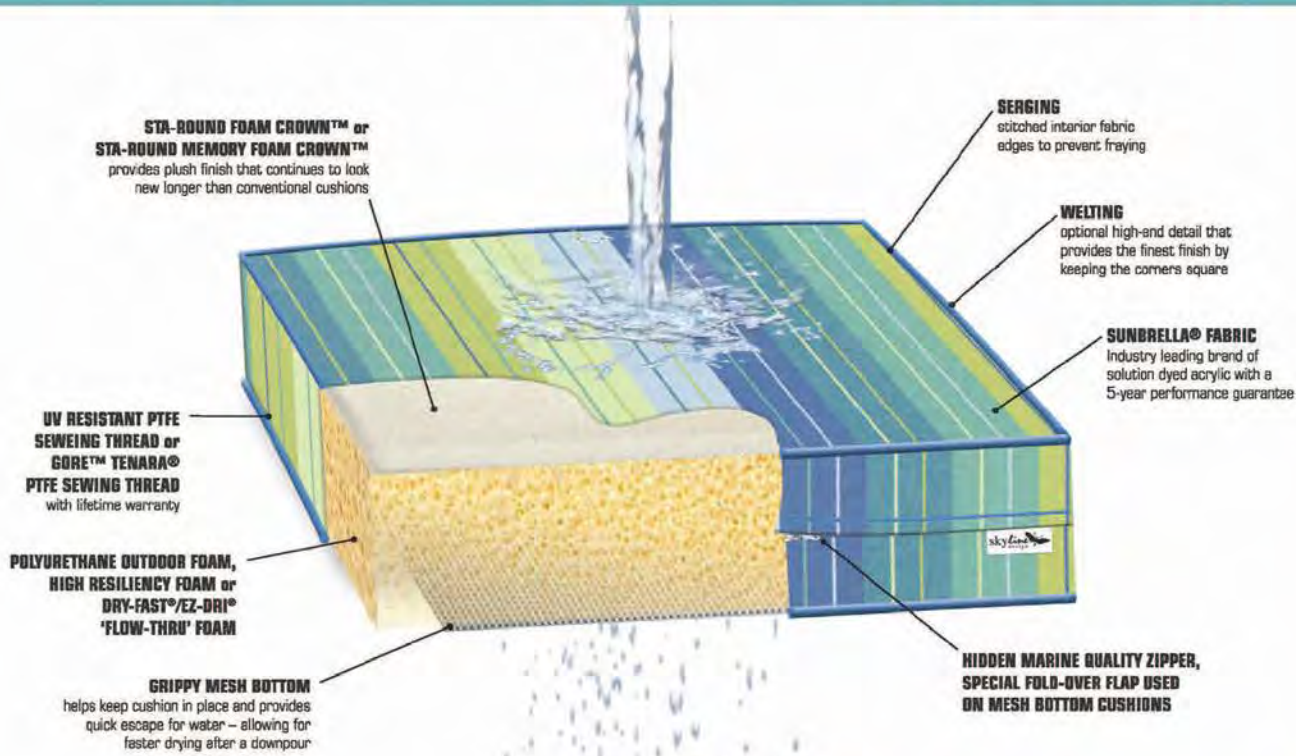

The custom cover program offers the option of purchasing protective furniture covers for their Skyline Design outdoor furniture.

Each cover is engineered to last and is custom tailored to fit all Skyline Design furniture, using water drainage and ease of installation as design priorities. To keep the cover neat while not in use, each is packaged with its own storage bag.

The covers are made using high-tech marine-grade fabric, combined with lifetime warranty thread which results in the industry's most durable furniture cover.

The covers are currently available in the Sur Last Sand or Grey. Lead time for custom covers is approximately 4-6 weeks.

The difference is in the details — Innovative construction combined with high-tech materials that last longer and dry faster backed by an industry leading **5-year warranty!**

Select the cushion that's right for you...

- Sunbrella® Fabric or (C.O.M.) Customers Own Material
- Polyurethane Outdoor Foam
- High Resiliency Foam (longer lasting plush foam)
- Dry Fast 'Flow-Thru' Foam (for quick drying cushions)
- Sta-Dry Liner™ (an added protection against wetness)
- UV Resistant PTFE Sewing Thread
- GORE™ TENARA® PTFE Sewing Thread (Lifetime Warranty)
- Sta-Round Foam Crown™ (keeps cushion looking new longer)
- Sta-Round Memory Foam Crown™ (keeps shape the longest)
- Hidden Marine Quality Zipper, Fold-Over Flap used if mesh bottom
- Grippy Mesh Bottom (for freshness and water drainage)
- Serging (over-lock stitched interior fabric edges prevents fraying)
- Welting (cut on the bias for the finest finish)

Longer-Lasting, Low-Maintenance, Mold-Free Cushions

High-tech marine-grade fabric, combined with lifetime warranty thread, produce the industry's most durable furniture cover. Each cover is custom tailored for the specific piece of furniture using water drainage and ease of installation as the design priorities. To keep your cover neat while not in use, each is packaged with its own storage bag.

Features:

- ✓ Sur Last Sand & Grey by Glen Raven
- ✓ Extremely light weight for easy handling
- ✓ Proprietary backing to prevent color transfer to your furniture and cushions
- ✓ Water and dirt repellent
- ✓ UV resistant to withstand harsh environment
- ✓ Won't shrink or stretch over time
- ✓ Sur Last has excellent tensile and tear strength
- ✓ 3-year limited warranty on fabric
- ✓ Custom Made with Gore Tenara sewing thread

Cleaning:

To keep your covers looking clean and bright, wash periodically with a soft brush, warm water and mild soap. Do not use detergent.

Engineered to Last – Tailored to Fit.

SKYLINE DESIGN®

sunbrella® FABRICS

We partner with the most prestigious brands in the industry to ensure the highest quality. Our fabrics are meticulously selected, designed with robust performance characteristics to resist fading and degradation from sunlight and exposure to chemicals. Not only are they easy to care for, but they also offer long-lasting durability in any setting.

MESH BOTTOM

In addition we have added a tela 3D on the bottom of the base cushions that facilitates breathing and water drainage and prevents the creation of mold.

SKYLINE DESIGN®

PROTECTIVE COVERS

Skyline Design's covers are designed with a protective backcoating to resist water, oil, and dirt, ensuring the longevity of your furniture. While they offer effective protection, we do not recommend using the covers as permanent cushions covers, as moisture accumulation may result in mold stains. It is important to ensure that both the furniture and cushions are thoroughly dry before applying the covers. Additionally, please note that our covers are precisely tailored to fit your furniture, and proper placement for optimal functionality.

Sur Last® is an all-weather fabric, woven from 100% solution-dyed polyester with a urethane coating on one side for water resistance. Sur Last fabric is a tough, non-abrasive polyester fabric with excellent weather and abrasion resistance.

Sur Last from Glen Raven is ideal for marine awnings, boat covers, sail bags and weather cloths as well as outdoor and RV covers. Sur Last is a great cover fabric for applications requiring some degree of breathability.

Sur Last is solution-dyed fabric, meaning that the color, UV inhibitors and stabilizers are actually a part of the fiber and cannot be separated. The result is a strong, long-lasting fiber with rich color that will not fade, wash out or transfer to your gel coat when trailering. The urethane coating adds additional stability, increases water and mildew resistance, and minimizes shrinking or stretching. The coating also keeps this outdoor fabric from unraveling for easy construction – no hotknife required!

Sur Last fabric has passed AATCC 24 Test Method, which measures the resistance of fabrics to the penetration of water by impact. The fabric has also passed the AATCC 127 Test Method, which measures the resistance of a fabric to the penetration of water under hydrostatic pressure. The passing of both of these tests means that Sur Last is qualified for use as a medical gown for Levels 1, 2 and 3. Level 3 medical gowns are appropriate for the widest range of surgical procedures, where moderate fluid protection is indicated.

This fabric features a 3-year warranty to ensure its performance abilities. There is a right and wrong side to this outdoor fabric, meaning that the uncoated side of the Sur Last should be exposed to the sun.

PRODUCT MAINTENANCE

*For more details reference the Skyline Design Care & Maintenance PDF

ALUMINUM

Lightweight, durable, and rust-resistant, aluminum is an ideal material for outdoor furniture. At Skyline, we use only the finest aluminum, powder coated for scratch resistance. To care for your aluminum furniture, simply wash it with warm soapy water and a soft cloth. Avoid using abrasive cleaners to prevent scratching.

TEAK

Renowned for its excellence in outdoor furnishing, teak is a strong and water-repellent timber. Its natural oils provide resistance to decay, warping, and shrinkage. To maintain your teak furniture, clean it with water and pH-neutral soap. Over time, teak will naturally fade to a silvery grey color. To restore its rich original color and texture, we recommend applying teak oil to the surface.

FIBER

Our high-density polyethylene wicker is specially designed for outdoor furniture. This weaving material offers carefree enjoyment, as it is UV resistant, weatherproof, and temperature resistant. It is strong, durable, colorfast, scratch-free, easy to clean, environmentally friendly, and 100% recyclable.

POLY STRAPS & ROPE

For poly straps and rope, clean them with a solution of water and soap using a soft cloth or soft bristle brush. Take care not to cause fraying. Deep cleaning can be achieved by power washing.

FABRICS

All Sunbrella fabrics are treated to repel liquids and dirt, making them easy to clean. Machine wash Sunbrella fabrics at 110°F. If fabric covers cannot be removed for washing, clean them with a soft-bristle brush and soapy water. Rinse with clear water and allow them to air dry. For regular maintenance, soak the fabric in a solution of mild soap and lukewarm water. Sponge or brush as needed to remove soil, rinse thoroughly, and air dry. Please note that dry cleaning or machine drying the cushion skins is not recommended. Avoid using bleach or chlorine-based cleaners on acrylic fabric.

WARRANTY

- A 3 year limited warranty for residential installation covers all defects associated with workmanship or materials of Skyline Design
- A 1 year limited warranty for commercial installation covers all defects associated with workmanship or materials of Skyline Design
- Cushions have a separate 1 year limited warranty which does not cover failure due to neglect or lack of maintenance, acts of nature, inappropriate cleaning agents and/or freight damage.
- Locating an authorized retailer or certified interior designer to buy Skyline Design furniture can be done on our website under dealer locator.
- Skyline Design North America is headquartered in South Florida.

COLORS

Special and custom orders at Skyline Design undergo a thorough confirmation and sign-off process before being accepted by our dedicated design and production department. Please note that the lead time for production may vary, typically ranging from 120 to 180 days and potentially longer, depending on the complexity of the design and the prevailing season. We strive to ensure the highest quality and attention to detail in every order, which may require additional time for crafting and delivering exceptional results.

Special and Custom orders are subject to special pricing that ranges from 10-20% surcharge depending on the quoted item and custom finish or woven fiber chosen. A special order 50% deposit is also required along with the signed special order form that is quoted by your sales representative.
